

IWP9 2006 — Call for Papers

First International Workshop on Plan 9

*Sponsored by the Rey Juan Carlos University
December 4th-5th, 2006. Madrid (Spain)
<http://plan9.escet.urjc.es/iwp9>*

Workshop Overview

The workshop aims at bringing together researchers and developers working on **Plan 9 from Bell Labs**, or working on related ideas and projects. The intent is to provide a platform for discussing system and application issues related to Plan 9 from Bell Labs, including those efforts made for other platforms that are still related to Plan 9.

Suggested topics for papers and discussion include, but are not restricted to, any of the following:

- System architecture
- System services
- File systems and servers
- Applications
- Projects for other platforms related to Plan 9
- Security issues

Deadline, reviewing, and submission

Submitted papers must be received before **October 1st, 2006**. Submission of all papers will be made by email to **iwp9papers@lsub.org**. Submissions will be judged on originality, significance, interest, clarity, relevance, and correctness by a program committee that includes well known and knowledgeable people from the Plan 9 developers community. Authors of accepted papers will be expected to provide both PDF and source in LaTeX or Plan 9 Troff for their papers, for inclusion in the the Proceedings.

Important Dates

- Paper submissions due: **Oct 1st 2006**
- Notification of acceptance: **Oct 20th 2006**
- Camera-ready papers due: **Nov 15th 2006**

Publication

The Proceedings of the workshop will be published in electronic form. We are considering the edition of a printed version with ISBN, to be distributed during the workshop. Refer to the workshop web page for updated information.

Program Committee

Francisco Ballesteros, Univ. Rey Juan Carlos of Madrid.

Russ Cox, PDOS, MIT.

Charles Forsyth, VItanuova.

Jim McKie, Bell Labs, Lucent.

Ronald G. Minnich, Los Alamos National Lab.
